

MURALI DHARAN J

FULL STACK DEVELOPER

A passionate Full-Stack Developer with a solid foundation in front-end technologies like HTML, CSS, JavaScript, and React.js, combined with growing expertise in back-end development. I specialize in building responsive, user-centric web applications and am committed to delivering seamless end-to-end solutions. Currently expanding my skills in backend technologies such as Node.js and MongoDB, with a strong drive to contribute to innovative, full-stack projects.

SKILLS

HTML | CSS
Tailwind | Bootstrap
JavaScript | TypeScript
NodeJS | React
Git | Figma
Express.js | Python
MySQL | MongoDB
Java (Spring Boot)

PROJECTS

ARKFA

Developed and launched the official company website for ARKFA using React, JavaScript, and Bootstrap. Focused on creating a responsive and user-friendly interface with clean design, optimized performance, and seamless navigation to align with the company's brand identity

PORTFOLIO

Designed and developed a modern, responsive portfolio website to showcase my front-end projects and skills. Utilized HTML, Bootstrap CSS, React and JavaScript with a focus on clean design and user experience. Implemented smooth navigation and mobile-friendly layouts to engage visitors effectively.

EDUCATION

B COM CA | HINDUSTAN COLLEGE OF ARTS & SCIENCE 2022-2025

Graduated from University of Madras with a strong foundation in commerce and computer programming, including web development and software tools.

Secured **60 %**

FULL STACK DEVELOPMENT | FITA ACADEMY 2025

Completed at FITA Academy with hands-on training in front-end and back-end technologies including HTML, CSS, JavaScript, React, Node.js, and databases.

INTERNSHIPS

ARKFA

Currently working as a Full-Stack Intern Developer, contributing to the development and enhancement of the company's official website. Responsibilities include updating web content, optimizing image assets, and ensuring design consistency in line with brand guidelines. Actively gaining hands-on experience in backend development to support and strengthen full-stack capabilities.
